ALCTS CCS RDA Planning and Training Task Force

Report for Midwinter 2012 for CaMMS and CC:DA

Prepared by Kate Harcourt and Mary Woodley 12/29/11

ALA-ALCTS-CaMMS restructured the Task Force and revised the charge.

Charge: To serve as a clearinghouse for RDA associated planning and training resources. To complement the work that the Library of Congress, the Program for Cooperative Cataloging, OCLC, and others are doing to provide planning guidelines and training for RDA: Resource Description & Access by 1) providing resources and activities that support libraries' plans for implementation of RDA in the United States; 2) developing an integrated timetable for these activities and resources that identifies persons or organizations who will take the lead for each activity and resource development; and 3) coordinating efforts, as necessary, through CaMMS and ALCTS Continuing Education in collaboration with the appropriate bodies.

Composition: The RDA Planning and Training Task Force consists of a chair and members appointed by the CaMMS Executive Committee from the Cataloging and Metadata Management Section of ALCTS. The TF also includes liaisons, one each, from the LC, PCC, OCLC, CC:DA, and the ALCTS Continuing Education Committee. Additional liaisons may be appointed by vested groups as deemed appropriate.

The TF will continue to plan RDA webinars as its primary responsibility. Questions have come up in the TF about the need to keep archived versions of the webinars current and accurate and how to work with PCC and LC to repurpose webinar content for training purposes. Advice from CaMMS and CC:DA on how the TF can best assist in the transition to RDA and ways to collaborate with others without redundant effort would be appreciated. We see developing the liaison relationship with the PCC as an especially critical component going forward.
